

Traffic Signal Foreman

Overview: MPG & Company is looking to add a qualified Traffic Signal Foreman to our team. We are an established company based out of Largo, FL with a long-standing reputation for doing quality work throughout FDOT's District 7. If you are a driven, self – motivated individual looking for a new opportunity with a growing company, then we would love to hear from you.

Required Qualifications – Minimum requirements for the position

- Must be able to install all types of signalized intersections (Span and Mast Arm) from the ground up and be familiar with all necessary equipment to build a functioning intersection (Boom trucks, bucket trucks, mini excavators etc.)
- Must be able to read and comprehend FDOT plans as it pertains to building a signalized intersection to include layout of signals on mast arms and layout of disconnects and signals on span intersections.
- Must be able to efficiently run and delegate tasks to a crew to accomplish the task at hand.
- Valid Florida Driver's License

Desired Qualifications

- Knowledgeable in programming controllers and various types of vehicle detection.
- Knowledgeable in wiring controller cabinets
- Proficient in troubleshooting field, cabinet and controller issues.
- IMSA Level II Signal Tech or higher
- CDL Class A
- NCCCO Crane Certification
- Experience in street lighting and roadway signs a plus

Compensation and Benefits

Pay will depend on experience and certifications. We offer competitive wages and benefits including paid holidays, PTO, health insurance, and training for job related certifications.

MPG is a growing company with a commitment and vision to becoming the best contractor in our industry. If you are interested in becoming a part of our team, please respond to the ad or send your resume to tplasencia@mpgusfl.com.
